

Vocational Training Centre for Persons with Disabilities

□ Students Enrollment:

A total number of 10 overage children with disabilities are undergoing training programme in two different trades of Vocational Training unit. 8 of them are undergoing training in making of handmade paper products and 2 of them are undergoing training in cloth stitching & sewing.

Two master trainers and 5 assistants including 2 persons with disabilities are working hard and soul to produce order based handmade paper products and supply to the corporate, boutiques & shops. During that period a significant number of parties visited our workshop and put forward their orders to help the children with disabilities.

Moreover, the unit helps us in our in-house purposes also. As per our requirements they make need based letter head, box file, photo frame, note book and supplied to the relevant department.
